organize

**The 19th International Acoustic Conference
held on June 2nd to 3rd, 2014 in Kocovce.**

SCIENTIFIC AND TECHNICAL TOPICS

- **Noise and Vibration in Practice** •
 - **Noise and Vibration Control** •
- **Protection of Human Being against Noise and Vibration** •
 - **Structures under Seismic loading** •
 - **Environmental Acoustics** •
 - **Materials in Vibroacoustic** •
- **Measurements and Evaluation of Noise and Vibration** •

Other topics of acoustics, vibroacoustics and electroacoustics are most welcomed as well.

CONFERENCE VENUE AND ACCOMMODATION

The conference is held in a chateau Kocovce, in an education and training facility of STU Bratislava. A village Kocovce is located approx. 7 km to the East from Nove Mesto nad Vahom close to a mountain range Povazsky Inovec, in a vicinity of a castle Beckov and spa town Piestany.
